BQ-P6 Table-Top Perfect Binder

Capable of quality perfect-binding
for urgent needs; Reports, News Letters,
Proposals, Text Supplements, etc.

Simple Operation

The display lamps on the operation panel show you the procedures of how to operate the machine. So, even an novice operator can operate this machine very easily. No special skill is needed.

Professionally-Finished Binding Quality

The cover stock is glued to the book spine and clamped with neat finish – with a professional binding quality.

Quicker Finish with Hot-Melt Glue

The book is bound with hot-melt glue which quickly dries and binds firm so that you can speedily finish booklets for filling an urgent need.

No Special Cover Stock

You can use a wide variety of cover stock. You don't need pre-glued cover stocks.

Three Ways of Binding Style

You can perform three different ways of binding using this perfect binder: Binding with cover for booklet, Binding with tape on the book spine for business forms, and Padding for memo paper, etc.

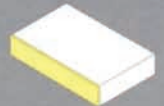

Three Binding Styles

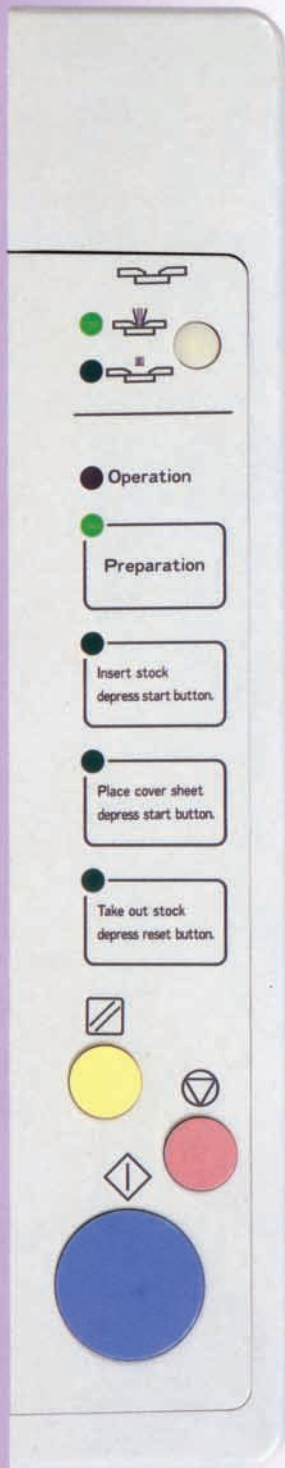

Binding with cover

Binding with tape

Pad binding
